Re: File # 2005-0418, 330 Jackson St proposal large Family day care center

We received the notice from the City of Sunnyvale about the application for an additional large family day care center on Jackson St

We request the council to deny the application for the following reasons. Lets be assured this is not based on the people who live there, purely from the fact another business would hamper the privacy and comforts of all the other families who live there.

Here are the following reasons

1. The street is a small one
2. there is already a child care center
3. no stop sign on the other end towards taylor or a yield sign
4. most homes have single car garage and hence residents tend to park on the street
5. the other child care with 14 cars in the morning plus the new one with another 14 cards that is 28 cars in and out morning and evening in a day will clog the street and will turn out to be a unsafe street.

Thank you for considering to reach out for our opinions and hope it will be respected.

Chetan Ravnikaar

Baby Ganeshaiah

P.S We will be there for the meeting on the 27th 8Pm

Re: File # 2005-0418, 330 Jackson Avenue Proposed Large Family Day Care Center

We received the notice from the City of Sunnyvale about the application for an additional large family day care center on Jackson Avenue.

We ask the council to deny this application, since we already have one large family day care center on our short street, and a second large center would add traffic, noise, and parking congestion.

There are no lane markers on most of Jackson Avenue and it is only 1 block long. There is no stop sign or yield sign at Taylor Street, and no stop sign or yield sign from Arques onto Jackson. Most houses have single car or no garage parking and so we often have cars parked on the street. More cars needing to park is not desirable.

Please deny this request for another large child care center so we can preserve the quiet and safety of our residential street for our own families and for the families using the existing large day care center at 313 Jackson Street, less than 300 feet away.

Thank You,

Debra Doucette

Re: File #2005-0418, 330 Jackson Proposed Large Family Day Care Center

This letter is in response to the proposed family day care center. We formally ask the council to deny the application on the grounds that this day care center would add too much traffic through a heavy congested street. There is already a large day care center at 313 Jackson St. We and other that live on our street return from work around 5:00 to 5:30 am. At this time, we are not even able to park our vehicles in the front of our house due to all day care parents occupying our spaces. At that time, the parents of the children at the center is arriving to pick up there kids. You can see what a mess 2 center will create. This street was not designed for such heavy traffic.

Please deny the addition of the day care center, so that we may all live in harmony with one another.

Thank You,

George Yagmourian

The existing day care center on Jackson ave., is more then enough for this residential area..as it is, when the children are out in back, the are loud, as children can be, but that sets off the barking dogs. It will be impossible to be here on June 27,2005 8:00pm, is there any thing we can do to voice opposition to yet another day care center located at 330 Jackson Ave..apn 204-41-008?? Thank you

Subject: public notice

Hi- We just got a public notice about a day care proposal for a house in our neighborhood that was just sold at 330 Jackson St. I'm wondering how this proposal process works and if the neighbors have any say in this kind of thing. Obviously there are concerns of all the extra traffic and such on a normally very quiet street here. Any info on how this works or ideas on how I can best find out would be much appreciated.

thanks,

Clayton Coate
